

SCIENCE FOR FORENSICS (FSC)

2026-2027 DEGREE MAP

SUMMER/WINTER SESSION	4 CREDITS	
MAT 206 Precalculus ¹	4 CREDITS	
SEMESTER 1	15 CREDITS	Create your Handshake Account and complete your profile. Begin exploring internships, jobs, and career paths that match your interests. Schedule an appointment with a career advisor at the Center for Career Development. Join a Student Club: Get involved on campus to start building your network and developing core skills. Consider joining the Science or other STEM-focused clubs. Activate your BMCC Co-Curricular Transcript (CCT). Joining a club and participating in a program will help you build your resume. Draft a Basic Resume: Start documenting your academic achievements, extracurriculars, and any work, internship, or volunteer experiences. Upload your resume to your Handshake profile. Research Baccalaureate Programs and Complete a Transfer Plan: Begin researching colleges and transfer requirements. Additional Department Specific Milestones Begin building professional relationships with faculty to support mentorship, learn more about faculty area of expertise, and research opportunities. Start by attending office hours each semester.
BIO 210 Biology I ² CHE 201 College Chemistry ³ ENG 101 English Composition MAT 301 Analytic Geometry and Calculus I ⁴	4 CREDITS 4 CREDITS 3 CREDITS 4 CREDITS	
SEMESTER 2	15 CREDITS	Create a LinkedIn Account: Establish a professional online presence. Contact the Center for Career Development for support. Attend Professional Development Events and Workshops, including the BARS Research Symposium, career days, and job and internship fairs. Draft a Basic Cover Letter: Practice writing a cover letter that you can use to apply to internships and fellowships. Review job postings and Career Coach to identify the skills employers want, and highlight them in your cover letter. Upload your cover letter to your Handshake profile. Attend Transfer Events: Receive assistance with the transfer process, admissions requirements, transfer credit evaluation, and more. Additional Department Specific Milestones - Identify research mentors and research programs available. - Identify competitive summer research programs (SURPs and REUs) of interest. - Strengthen a faculty mentoring relationship.

Footnotes

- ¹ MAT 206 will satisfy the Mathematical & Quantitative Requirement. Please speak to your faculty/academic advisor about your appropriate math pathway.
- ² BIO 210 has a co-requisite of ENG 101 and any MAT 100 level or higher (excluding MAT 150.5 and MAT 161.5).
- ³ Students must be eligible to take MAT 206 in order to take CHE 201.
- ⁴ MAT 206 must be passed in order to take MAT 301.
- ⁵ BIO 210 must be passed in order to take BIO 220.
- ⁶ CHE 201 must be passed in order to take CHE 202.
- ⁷ MAT 301 must be passed in order to take MAT 302.

- ⁸ CHE 202 must be passed in order to take CHE 230.
- ⁹ PHY 215 has a co-requisite of MAT 302. This means that both classes are either required to be taken in the same semester or MAT 302 passed prior to taking PHY 215.
- ¹⁰ SPE 102 is an option for non-native speakers of English.
- ¹¹ Please consult with an academic or faculty advisor.
- ¹² CHE 202 and MAT 206 must be passed in order to take CHE 205.
- ¹³ CHE 230 must be passed in order to take CHE 240.
- ¹⁴ PHY 215 must be passed in order to take PHY 225.
- ¹⁵ A Writing Intensive course is needed to graduate.
